## YOUR HEAVY-DUTY SOURCE OF POWER

Setting industry Standards since 1909, Wisconsin continues to offer you a wide selection of air-cooled gasoline engines. Five models allow you to choose from twin-cylinder and four-cylinder engines with power ranging from 18.0 to 65.9 HP.

### WISCONSIN CONSTRUCTION

Wisconsin Engines are designed for those tough applications that require durability and long life reliability. The multi-cylinder, v-block design offers unique side load capability for a wide variety of industrial applications.
